TWO TRAFFIC CRASHES LEAVE FOUR DEAD

4 Courthouse Incumbents Yet To File Petitions

Deadline For Primary Week Away; Seventeen Enter Contests

Although the filing deadline is just a week away, four of the 11 Courthouse incumbents whose posts will be at stake in the 1952 elections have not filed with the County Election Board at East Liverpool for the May 6 primaries.

Still unentered for re-nomination are Commissioners Kim Crawford and Clarence Robinson, both Republicans; Treasurer Vincent C. Judge, a Democrat, and Engineer Charles O. Snyder, a Republican.

Filings total 17, including two candidates from both parties for the two commissioners' posts. The deadline for filing for a primary ballot place is Feb. 6 at 6:30 p.m.

Most Office Terms Expire

Every courthouse post except those of one commissioner and county auditor will be at stake in this year's balloting. The two holdovers are Auditor I. J. Vordran and Commissioner Galen Greenisen, both Republicans.

Already entered officially for the commissioners' race are Walter A. Hunston, former East Palestine mayor, and Galen Bowman, Center Township farmer, both Republicans, and Mayor C. C. Leatherberry of Wellsville and Erwood L. Calvin, ex-Columbiana village mayor, both Democrats.

Several others have announced for the posts, but have not filed with the election board. They include Council President W. A. Southan of East Liverpool and Howard L. Ketchum of near West Point, both Republicans.

If the two incumbents also file, there will be at least eight in the race. Two years ago, six men sought a lone commissioner's job in the primaries—five Republicans and a Democrat.

Incumbents Who Filed

The seven incumbents who have entered are:

Common Pleas Judge Joel H. Sharp, Sheriff Howard J. Clark, Clerk of Courts John W. Coleman, Recorder Frances W. Morton, Prosecutor James L. MacDonald and Coroner Ernest R. Sturgis, all Republicans, and Probate Judge Louis Tobin, Democrat.

An interim appointee in the office of the late Judge Milton C. Cope, Judge Tobin seeks nomination to the unexpired term that runs to Feb. 9, 1955.

Two others are out for the court clerk post, one from each party. The candidates are Norman E. Ward, bailiff of Common Pleas Court, a Republican, and

Jury Finds Defendant Guilty Of Assault

A 1-to-15 year prison term faces Silas Anderson, 23, of near Aliquippa, following conviction Tuesday afternoon at Lisbon on a charge of assault to rape an East Palestine girl.

Ten women and two men on the Common Pleas Jury took just 30 minutes to return a verdict of guilty. Judge Joel H. Sharp will pass sentence later.

Anderson testified Tuesday that his confession, admitted in evidence Monday, was obtained under threat he would be shot unless he talked.

Taken by Atty. Robert Hartford, East Palestine City Solicitor, the statement gave intended rape as Anderson's reason for attacking Miss Jane Abbott, 19, the night of Nov. 22 as she walked home from a movie.

Her screams frightened the Negro away just as he was ready to push her into his car. Her left cheek was lacerated, probably against the door, during the fight.

Anderson is married and has a six-month old baby. He has been in jail since arrest under \$5,000 bond.

LEAVING the witness stand after appearing before a House subcommittee digging into tax scandals, Washington "mystery man" Henry W. Grunewald (above) faces a possible contempt citation for his refusal to testify. Grunewald was named by ousted tax prosecutor T. Lamar Caudle as a possible go-between in an alleged \$500,000 tax fraud shakedown plot against attorney Abraham Teitelbaum, former lawyer for Al Capone.

Lausche's Filing Completes Field

Will Be Opposed By Taft And Walcutt

COLUMBUS (INS)—The action of Governor Lausche in filing nominating petitions as the first fourth-term gubernatorial candidate in the state's 149-year history virtually completed the field of candidates for governor today.

The two Republicans who are expected to fight it out for the honor of opposing Lausche in November—Charles P. Taft of Cincinnati and Senate Majority Leader Roscoe R. Walcutt of Columbus—have already filed their petitions as candidates at the May 6 primary election.

Seeks Auditor Post

Filing today was Columbus Mayor James A. Rhodes, who seeks the Republican nomination for auditor of state. However, only three other candidates, all Republicans, have registered their candidacies to date, although the filing deadline is exactly one week away.

The others are Secretary of State Ted W. Brown, the first to file; Sen. John W. Bricker, virtually assured of an unopposed nomination for a second six-year term; and Fred J. Milligan, Columbus attorney seeking the GOP nomination for lieutenant governor.

Lausche filed his petitions late yesterday, handing Secretary of State Brown petitions bearing 4,750 signatures from all 98 counties.

Torok No Threat

The governor may have taken opposition in the primary, since perennial candidate Joseph Torok, former Youngstown grocery clerk who writes his press releases in lead pencil, has again declared his candidacy for the Democratic nomination.

Even of Torok files, however, he represents no real threat, since he never has been able to garner more than a few thousand votes.

It is known that all other incumbents are going to file. They are Lt. Gov. George D. Nye of Waverly, Auditor Joseph T. Ferguson of Barberton and Supreme Court Judge Charles B. Zimmerman.

Reds Agree On Rotating 25,000 Troops Monthly

Communists Also Say Red China Will Help Administer Armistice

MUNSAN, Korea (AP)—Communist negotiators in a double reversal today agreed to the Allies rotating 25,000 troops a month during an armistice and said Chinese would join in administering the demilitarized zone.

The Reds balked, however, at restraints on moving their troops secretly into threatening concentrations during an armistice.

Previously the Communists had agreed to rotating only 5,000 U. N. troops. The Allies are asking for 75,000 a month.

Yesterday the Reds indicated the Chinese would take no part in civil administration of the northern half of a buffer zone during an armistice. Today they reversed it.

U. N. "Makes Progress"

A U. N. Command communique said the staff officers "continued to make progress" on truce supervision.

The Communist proposal today would include troops sent to Japan for "rest and recreation" in addition to those sent home to be replaced.

Allied staff officers said, under these circumstances, 75,000 would be a minimum figure, but if it were limited to replacements 40,000 would be enough. Current Allied rotation figures are believed to run about 25,000 a month, and rest and relaxation leaves about the same.

North Korean Maj. Gen. Lee Sang Cho analyzed the U. N. Command prisoner-exchange proposal point by point. He expressed agreement in principle on a number of points but showed no change in attitude on key issues blocking agreement.

Lee again agreed in principle to the Allied proposal that priority should be given to exchanging sick and wounded prisoners. He also approved the U. N. proposal for exchanging data on burial places of prisoners who died in POW camps.

The U. N. wants the International Committee of the Red Cross (ICRC) to visit all prison camps and prisoners. The Communists objected and said joint teams of the ICRC, Chinese and North Korean Red Cross should do the visiting.

Allied raiders today fought through slush and mud on the western Korean front almost to the top of a Chinese held hill but heavy resistance forced them to withdraw.

Red Jet Shot Down

In a new air battle one Russian-type jet was sent flaming to earth as American Sabre jets took on MIG-15s.

Warm weather melted snows, turning sections of the 155-mile Korean ground front into a quagmire. Dozens of small patrol actions erupted all along the front. Tuesday night United Nations aircraft attacked more than 1,000 Communist trucks and destroyed 130. Claims also included a locomotive.

B-29 Superforts attacked the Suncheon rail bridge northeast of Pyongyang, Hungnam on the east coast and Red front-line positions Tuesday night.

United Nations warships were active along both Korean coasts Tuesday. Carrier-based planes hurled off their flat-tops on attacks on Red installations.

Leetonia Phone Service Disrupted By Cut Cable

LEETONIA—Phone service to much of Leetonia was disrupted at about 8:30 a. m. today when workmen installing a gas line cut a 200-pair underground telephone cable on Columbia St.

Police Chief Henry Gibson radioed Sheriff Howard J. Clark in Lisbon to notify the Ohio Bell Co. at Salem, and the company sent two cable crews to repair the cut. Service was expected to be resumed this afternoon.

Airport Dormitories Contract Is Awarded

HUNTINGTON, W. Va. (AP)—The W. B. Bigson Co., of Warren, O., today was awarded a contract for the construction of three frame dormitories for airmen at the Youngstown, O., municipal airport.

Col. Walter Krueger Jr., engineer of the Huntington District Corps of Engineers said the bid was \$449,541.30.

DEATH RODE AT THE WHEEL.—Only a mass of wreckage remains of the automobile driven by Mrs. Roslyn Burman of New York City which collided head-on with a truck on the Washingtonville road yesterday afternoon. Mrs. Burman and her mother, Mrs. Sarah Selker of Cleveland, died instantly in the crash. Two others were seriously injured.

Two-Way Communication Assured

City Installing Radio Sets In All of Its Mobile Equipment

Uninterrupted minute-to-minute communication between the City Hall, Salem's East Cold Run reservoir and fire and water department trucks will be assured in the near future with the final installation of radio sending and receiving sets.

The main 30-watt set is already operational in the fire department and a 10-watt set is in use at the reservoir filtration plant. One water truck and a fire truck are presently equipped with 10-watt portable units.

Ultimate plans call for the installation of additional portable radios in Water Superintendent B. V. Bevier's car and in another fire truck and one more water truck. A portable unit also will be

placed in a fire inspection vehicle, should the city purchase the added piece of transportation.

A line from the main station in the fire department will connect soon with the water superintendent's office, thereby keeping him in constant touch with the reservoir and water department trucks.

The radio stations are licensed by the Federal Communications Commission and operates on a frequency of 153.47 megacycles. Call letters for the City Hall unit are KQC-172 and for the filtration plant set, KQC-783.

Decision to purchase the radio sets was made after the cost of setting up private telephone lines between the city and the reservoir was calculated by the Water

Commission. It was found that installing the lines and maintaining them would necessitate an exorbitant expense.

Use of the radios entails another advantage, in that constant communication between the water office and on-the-road trucks will enable the vehicles to be dispatched without delay to any scene of emergency.

The units are also of inestimable value to the fire department. At times in the past firemen fighting a blaze found themselves in the position of needing help and having no immediate source through which to summon it. In such instances the property loss exceeded that which ordinarily should have occurred.

\$2,000 Payment On New Home Stolen

LISBON—A strong box containing \$2,000 worth of U. S. Savings Bonds and paid up insurance policies was stolen from a Stadium Heights home about 9 p. m. last night while the family was away.

Mr. and Mrs. Paul Higgins of 708 Sunset Dr. told police they found their back door broken open and a desk rifled when they returned from taking their baby to a doctor.

They told police the money represented a payment on their new home which they moved into recently. Police said the thief used a bar or heavy screwdriver to jimmy the door. Nothing but the desk was disturbed, police said.

Taft Will Challenge Ike In New Hampshire

WASHINGTON (AP)—Senator Robert A. Taft decided today to challenge Gen. Dwight D. Eisenhower for the Republican presidential nomination in the New Hampshire primary March 11.

Taft, in a statement, said he had not asked his supporters to enter the New Hampshire primary—first in the nation—but they had done so.

"Win, lose or draw, I, therefore, feel I should permit the preference vote to be taken in New Hampshire," the Ohio senator said.

Harold E. Stassen, another aspirant for the Republican nomination, also has been entered in the New Hampshire preferential primary but Taft made no mention of him in formally challenging Eisenhower.

Thieves Steal \$15 At Hanoverton Home

Gaining entrance through a bathroom window sometime between 7:15 and 10 p. m. Tuesday, thieves stole an estimated \$15 from Mr. and Mrs. Michael Kupinski of Hanoverton while they were visiting Salem friends.

Roy Painter, Hanover township constable, who reported the theft said that the pair, one remaining in the car and the other entering the house, also had knocked out a window in the American Legion hall and entered the building. Nothing appeared to be taken there however.

Pidgeon Road Job May Be Let Feb. 5

The Pidgeon road improvement, first link of a new cut-off highway south of Salem, will be up for contract letting Feb. 5 by the state highway department, Columbiana County Engineer Charles O. Snyder said today.

Plans call for grading, draining and widening of the Pidgeon road between the Lisbon and Depot roads and then paving with asphaltic concrete. The one-mile stretch will be 20 feet wide and wider at both intersections.

Completion date for the project is set for Sept. 30.

The work will be financed by county funds, plus federal matching money.

Meanwhile, plans are being drawn for the next two phases of the cutoff highway when eventually will connect with West State St., thereby affording motorists with a southerly bypass.

County engineer crews yesterday ran surveys on the proposed location of the new road to be built in an arc from the Depot road to West State St. Before this job is done, the Depot road will be improved and widened from the Pidgeon road intersection north to the Pennsylvania railroad, the county engineer said.

Iran Will Sign Pact To Trade With Hungary

TEHRAN, Iran (AP)—Iran's government has announced it will sign a one-year agreement with Communist Hungary this week to barter Iranian oil for Hungarian machinery and manufactured goods.

The pact will be the first to send Iranian oil abroad since Premier Mohammed Mossadegh's government took over wells and refineries of the British-owned Anglo-Iranian Oil Company last spring.

The Iranian and Hungarian parliaments must ratify the pact before it is effective.

Britain has warned it will try to confiscate any oil shipped out of the country before settlement of its dispute with Iran over the nationalization law.

Admiral McCormick Heads NATO Fleet

WASHINGTON (AP)—Admiral Lynde B. McCormick, commander of the U. S. Atlantic Fleet, today was named supreme Allied naval commander of the North Atlantic.

As the first boss of a peacetime international fleet, the 56-year-old Navy veteran will direct the sea activities of all nations in the North Atlantic Treaty Organization.

He will be on sea what General Dwight D. Eisenhower is on land.

The appointment of McCormick was announced simultaneously in Washington and London—by President Truman and by NATO.

McCormick's operations will extend up to but will not include the coastal areas of the British Isles. As his first move after receiving the appointment, McCormick announced the selection of Vice Admiral Sir William Andrews of Britain, now commander in chief of the British-American-West Indies station, as his deputy.

The way was cleared for the appointment of an American as supreme Allied naval commander during Winston Churchill's visit to Washington earlier this month.

Up to that time, the British prime minister had been vigorously opposed to naming an American to the post.

The big hitch lay in the British refusal to surrender their traditional top-ranking position among sea powers.

Hay Falls From Truck, Damages Parked Auto

Charles F. Bricker of RD 4, Salem told police that as he was driving a truck loaded with hay on S. Ellsworth Ave. at 12:20 p. m. Tuesday, several of the bales slipped off his vehicle and fell on a parked car owned by E. L. Patterson of Alliance.

The top and left side of the car were damaged.

Cars driven by Robert F. Mix of RD 4, Salem and Nelson J. Conrad of 1490 N. Ellsworth Ave. collided at 4:25 p. m. yesterday on N. Ellsworth Ave., causing minor damage to each auto.

Women Die on Rt. 14, 2 Men at Petersburg; 3 Others Badly Hurt

Death struck at lives four times on the Salem district highways Tuesday and hovered threateningly over three others today as the gory aftermath of two head-on collisions which occurred within a span of seven hours.

Dead in the first mishap which happened at 12:30 p. m. on the Salem-Washingtonville Rd., two miles east of Salem, were Mrs. Sarah Selker, 66, of Cleveland Heights and her daughter, Mrs. Roslyn Burman, 45, wife of Dr. Michael Burman of New York City. Injured were Michael Selker, 7, Mrs. Selker's grandson, a passenger in the car driven by Mrs. Burman, and George W. Wires, 40, of Uhrichsville, the driver of the truck-trailer.

The boy sustained deep lacerations of the scalp and left cheek and multiple contusions of the body. The truck driver suffered a broken back and a crushed chest.

Both are in Salem City Hospital where the boy is reported in poor condition and Wires in fair condition today.

Petersburg Accident

The other fatal accident occurred at 6 p. m. on the State Line Rd., two miles north of Petersburg, and involved cars driven by Samuel McKinney, 31, and William Kennedy, 19, both of Petersburg.

Killed instantly were McKinney and a passenger in his car, Richard Cook, 31, also of Petersburg. McKinney died of a skull fracture and crushed chest; Cook's injuries included a fractured neck, skull fracture and crushed chest.

Kennedy sustained a skull fracture, broken right foot and multiple lacerations of the body. He was taken to Youngstown South Side Hospital where his condition is reported critical today.

Tried To Regain Road
State Highway Patrolman Robert E. Kettlewell, who investigated the near-Salem mishap, said tire marks at the scene of the collision indicated the Burman auto had hit the truck-trailer head-on across the center line. The marks showed that her auto had first swerved off the pavement, and had then veered too far the other way as she attempted to pull it back on the road.

Mrs. Burman's fatal injuries included a broken neck and fractures of both arms. Her mother died of a fractured skull. Both were killed instantly.

The impact of the collision drove the entire front end of the car under the truck. The auto was almost entirely demolished and extensive damage was done to the other vehicle.

The truck driver is engaged by the Fred Fairall Construction Co. of Uhrichsville and was hauling a load of sewer pipe to Aliquippa, Pa.

The Burman party had been returning to Cleveland from Washington, where Mrs. Selker's son, Alan H., was married Sunday. Michael is Alan's son by a previous marriage.

Alan Selker, an East Cleveland resident and a chemist with the Diamond Alkali Co. plant in Painesville, had left on his honeymoon and could not be reached.

Mrs. Sarah Selker's husband, Harry, was head of the Brass Products Manufacturing Co. in Cleveland until his death several years ago. Mrs. Selker succeeded her husband as president and sold the company last year.

Arrangements have been made to return the bodies of Mrs. Selker and Mrs. Burman to Cleveland. Dr. Burman, notified of the death of his wife, flew to Cleveland from New York yesterday.

Full details concerning the Petersburg tragedy were unavailable today because the only survivor, Kennedy, is too seriously hurt to be questioned. Cpl. Edward Mallory of the Salem Patrol Station said, however, that the Kennedy auto was traveling north and the other car south at the time of the mishap. Both vehicles were demolished.

Won't Give Aid If Truce Fails, Churchill Says

LONDON (AP)—Prime Minister Winston Churchill said today Britain had no "formal commitment" to join with the United States in any punitive action against China if a Korean truce is broken.

Churchill told the House of Commons that the whole question was discussed among Britain, the United States and other governments with forces in Korea before he went to visit President Truman.

"It was agreed that clearly a very serious situation would arise in such an event and various contingencies had been examined without any definite or formal commitment being entered into," said Churchill.

Churchill said "No change was made in this situation while we were in the United States."

"In fact," he added, "the matter did not figure to any large extent in our discussions." But Churchill also cautioned the House:

"It is not wise when a war is going on to tell everything always to everybody, including the enemy. They might, I think, sometimes be left something to guess about."

H-Bomb Plant Costing Double First Estimate

WASHINGTON (AP)—The nation's vast plant for the projected hydrogen bomb will cost more than twice as much as originally estimated, the Atomic Energy Commission reported today.

Chairman Gordon Dean of the AEC declared at a news conference the probable cost has been "upped considerably" from a 600 million dollar "guesstimate" of a year and a half ago to 1 1/4 billion dollars at present.

Dean said the estimates were revised because it is apparent now that "reactors" will cost more than had been expected.

Reactors are devices for making atomic explosives.

The AEC had announced that the reactors at the South Carolina H-bomb plant were to be of "advanced" design.

Semi-Annual Report Made

The new estimate was contained in the AEC's semi-annual report to Congress today.

The Commission described "intense activity" in the past six months throughout the entire atomic enterprise—including an "expanding atomic weapons program."

It told of:

1. Full blast operation of all its existing plants including those for making atomic explosives.
2. Progress on new construction entailing three percent of the nation's total building expenditures and employing nearly two percent of the country's total construction force.
3. "Continued" increase in the output of fissionable materials—at a lower cost than ever.
4. "Substantial" and "significant" advances in weapons research and development.
5. Increased domestic production of uranium ores thanks to expanded exploration, opening of new producing areas, and incentive bonuses for uranium producers who collected more than \$250,000 in such "prizes" last year.
6. Research findings with radioactive isotopes that may lead to improved methods of farming "and lowered costs of food and fibre production."
7. Further agricultural research indicating that atomic "rays," while providing no stimulus to plants, may aid in breeding new varieties of crops, and also aid in the fight against certain crop diseases.
8. Development of chemicals of a type which might ultimately be used in humans as a kind of antidote for anyone who accidentally swallows poisonous atomic materials.
9. New interest by industrial firms in the possibilities of using sources of radiation which "now lie fallow in the wastes" from atomic reactors.

Use Wastes to Sterilize

One drug firm is considering the feasibility of using such ray-emitting wastes to sterilize all its products.

Sixteen other drug firms are planning an investigative program toward sterilizing "wonder drugs" like penicillin.

10. Development of new instruments which make it possible to analyze the air in uranium mines for possible atomic contamination within 30 minutes—instead of the old process of sending air samples to a special laboratory.

The Commission said that while studies of offspring of Japanese exposed to atomic rays still are inconclusive studies on mice suggest that as far as hereditary effects are concerned "humans are more sensitive to radiation than previous estimates have indicated."

BLISS CO. OFFICIAL. J. H. Treddinnick, former vice president in charge of the Hastings, Mich., division, has been named executive vice president of the E. W. Bliss Co. A director of the firm for three years, he will be at the concern's main Canton plant.

Psychiatric Centers Planned For Ohio

COLUMBUS (UP)—The Ohio Welfare Department's Division of Mental Hygiene today reported four new psychiatric centers are being planned by local governments in widely scattered sections of the state.

The centers, like the first one set up in Mansfield last fall, will be sponsored by local civic groups to provide psychiatric guidance and care in areas lacking such care and too far from already established centers.

New centers for psychiatric service are in the planning stage at Athens, Ashtabula, Cambridge and Defiance, according to Mrs. Esther Hauptli, director of psychiatric social service for the state.

Cost of the centers will be borne by community subscription with the state providing up to \$15,000 to help their initiation and operation, if necessary.

Paving Of Route 14 Section Promised

COLUMBUS (UP)—Highway Director T. J. Kauer today promised Portage County officials that Route 14 between Ravenna and Streetsborough would be repaved this summer.

Kauer also told the group who came here to protest heavy traffic on Routes 14, 224, and 44 that plans are being made to re-route Highway 14 around Ravenna but that this probably cannot be done this year.

Kauer, however, gave the delegation little encouragement toward the solution of traffic congestion on Route 224 which they said was being pounded to bits by heavy trailer-truck traffic from the Pennsylvania Turnpike.

Portage County Engineer Paul Shafer recommended to Kauer that Route 224 be widened and made a three-lane road on hills.

The five-man group also told Kauer that heavy truck traffic is increasing on Routes 14 and 44 and said the roads were not wide enough to handle the traffic.

Shafer has hopes that Route 14 will be relocated to by-pass Ravenna.

Spiritual Guidance

CREATION of a juvenile detention room at City Hall is good, but it doesn't go far enough.

City and Columbiana County authorities, through mutual agreement, are establishing a detention room in the City Hall basement where youths who run afoul of the law are held in custody for questioning, or until such time as their cases can be heard by the county juvenile judge.

What an opportune time for spiritual guidance. In nine cases out of 10 youths stumble into the world's pitfalls because they know nothing of the teachings of the Gospel. Parental guidance along the right pathways of life was never spoken.

County authorities should make the detention room open to the ministers, any one of whom would be willing to help the soul of an errant youth. This would not interfere with legal procedure which the juvenile court officers must follow. Working hand in hand, the law and the clergy probably could accomplish much good.

Four churches are within a stone's throw of the City Hall.

That's Where The Money Goes

WASTE IN GOVERNMENT spending is, as everyone knows, the root of all the trouble.

But what everyone does not know is where to look for the waste.

There is no use looking for it under the heading of interest on the public debt. Government interest rates are low, perhaps too low.

Veterans services and benefits account for some waste, but they are the least probable of all places to start swinging an economy ax.

Some think all costs of stabilizing farm prices and income should be cut off, but in a showdown they would hedge and compromise.

Others eye the costs grouped under the general heading of social uplift, and some of this sort of thing could be done away with. But not the public health service or anything like that.

Foreign military and economic aid could be reduced, though no one suggests that these might be scuttled.

The Atomic Energy Commission could not be abandoned, though it may be spending too much money—2.1 cents out of every federal dollar in the proposed budget. In fact all the things herein mentioned, if they could be stopped cold, would save only 33.4 cents out of the budget dollar.

That is because 60 cents out of every federal dollar in the proposed budget would go for the armed services.

Whatever substantial saving might be possible, in the sense of eliminating waste, would have to be saved in the military budget.

If as little as 10 per cent of the surplus gravy could be squeezed out of that item and the same percentage squeezed out of all the rest of the budget, there would be a net saving of about \$8.5 billion.

Since this is less than the deficit which is predicted unless Congress raises taxes again, it would mean no reduction in taxation. Taxes could not be reduced without another 10 per cent reduction in government spending, which would pretty well take care of surplus gravy.

But that, in turn, would bring about a sharp reduction in taxes, which are paid in large part out of surplus gravy—which begins to suggest that the fellow who had the bear by the tail had a fairly easy job.

Bread-And-Butter Decision

UNLESS Harry Truman has laid by more money than seems probable, his potential retirement from presidential politics may be a bread-and-butter decision.

It is ironic that this would be changed—already would have been changed, in fact—by a proposed constitutional amendment offered by Sen. Taft. The Taft proposal would give a chief executive the easy option of a \$25,000 annual retirement income after he left the White House.

While this suggestion is not so meaningful as it would have been had the two-term amendment not been adopted, it still would take care of situations like that now confronting Mr. Truman. He cannot step down from the presidency into a no-income status.

He has no choice at present but to try to stay on the job, or to run for the U.S. senate against Sen. Kim, a Republican. Only one other man went back to the senate after serving in the presidency—Andrew Johnson. John Quincy Adams, a senator before serving in the presidency, returned afterward to the house of representatives.

It is not beyond the realm of possibility that Mr. Truman is thinking as much about arithmetic as politics these days.

Income Taxes

By JAMES MARLOW

Husband And Wife Deductions

(Fourth of a Series)

ALTHOUGH married couples can file separate or joint income tax returns, most will save by filing jointly. When a wife had no income, they can't lose with a joint return.

Its purpose is to let a couple split their income, even when the wife had none, to get a lower tax. For a return to be considered joint, both should sign it.

Exemption problems—A wife with no income doesn't have to make a return but her husband still gets a \$600 exemption for her on his return, whether or not she files jointly with him, unless she's the dependent of another taxpayer.

A wife with \$600 or more income must file (a) separately, claiming her own \$600 exemption on her return, or (b) jointly, in which case the couple claims \$1,200 in exemptions on one return, \$600 for each.

Note: When a wife has any income less than \$600—no matter how much less, say \$35 for babysitting—her husband doesn't get that \$600 exemption for her unless she files jointly with him. Then he'd lose the difference between her under-\$600 income and a \$600 exemption for her.

Forms for married people—Form 1040-A and the 1040 short-form are for under-\$5,000 income. The 1040 long-form is for incomes of \$5,000 or more. If you're under \$5,000 but can't use 1040-A, you can use the 1040 short-form.

(Rule for using 1040-A: Full tax must have been withheld from all income except for no more than \$100 in (a) untaxed wages, (b) in dividends, of (c) interest.)

SOME COUPLES' income was \$5,000 or more but individually less. They can file jointly on the 1040 long-form or individually on 1040-A, if they fit the rule for it, or individually on the 1040 short-form.

Examples: Your total income was \$4,600. Full tax was withheld. Wife, no income. You can file jointly on 1040-A. Or—

Your total income was \$4,600. Full tax was withheld from \$4,500. The remaining \$100 was your wife's in untaxed wages, interest or dividends. You can file jointly on 1040-A.

If that untaxed part of your income amounted to \$100.01 in wages, dividends or interest—or if any part of it came from any other source, like rents or commissions—you couldn't file

jointly on 1040-A. But you could file jointly on the 1040 short-form. Or—

Your total income was \$7,500, of which \$4,000 was yours and \$3,500 was your wife's. You can file jointly on the 1040 long-form or separately, depending on your particular case, on 1040-A or the 1040 short-form.

Deductions—Anyone using 1040-A or the 1040 short-form automatically gets a deduction of about 10 per cent for personal expenses like hospital bills. You don't have to claim or itemize. It's allowed for in the table used to figure out the tax on people using those two forms.

There's no place on 1040-A or the short-form to claim or itemize. But what of those under-\$5,000 people whose deductible expenses were actually more than 10 per cent of income? They'd use the 1040 long-form, because their income was under \$5,000, they'd then have to itemize but could claim their deductions in full.

Note: When a couple files separate returns, and one of them uses the 1040 long-form to itemize his expenses, both must use the long-form and itemize.

PEOPLE WITH \$5,000 or more income filing jointly on the long-form can take a standard deduction, without itemizing, of 10 per cent of income up to a limit of \$1,000. They just knock 10 per cent off their income before what's left is taxable.

Examples: The Joneses' total income was \$7,000. They take off \$700. The Smiths' total income was \$10,000. They take off the limit, \$1,000. The Browns' total income was \$11,000. They can't take off more than that limit of \$1,000. If they want to claim more, they'll have to itemize their deductions in full and be prepared to prove they had them.

Note: That rule about the \$5,000 and over people—taking off 10 per cent up to a limit of \$1,000 without itemizing—works equally for single persons and married couples but—only when married couples file jointly on the 1040 long-form.

The rule is different for married couples when one, or both, files separately on the 1040 long-form. If both had income of \$5,000 or more but file separately on the long-form, each can take a standard deduction of only \$500 without itemizing.

\$100,000 a Day

By TRUMAN TWILL

DURING the course of the football deal by which Ted Collins of Kate Smith fame turned over his deficit-winning behemoths to an optimistic Texan, financial totals of six, seven and eight digits were tossed around like a garden salad.

One of these totals, particularly, made a ping-pong sound on the awareness of us little operators trying to parlay our meager talents into a subsistence for our deductible dependants.

This was the statistic that showed Mr. Collins and the inimitable Miss Smith had parlayed their combined talents into a fruity income of more than \$30 million a year. That figures out to an average of \$800,000 a week, or \$100,000 a day, assuming these hardy entrepreneurs take off one day each week to total up the cash and two weeks vacation in midsummer.

With the possible exception of what the Crosbys have been able to do with a set of vocal chords, that makes Kate Smith the possessor of history's most golden voice.

It also qualifies Mr. Collins, who saw the opportunity for doing something more lucrative with the voice than listening to it, as history's ablest seizer of golden opportunity. Dismal as his experiences were with football players and with the sharpies who clipped him for at least a million bucks, no one can take his meal ticket away from him; she doesn't want to go.

With this lengthy introduction, the point is made that here is one enterprise that makes everybody feel good because the whole thing is based on the satisfaction of those who like to hear Kate Smith sing.

For the most part—almost the whole part—her singing never cost the listeners a penny. It was paid for handsomely by enterprises which bid for it in the open market so they could call attention more successfully to the products they wanted to advertise.

They made out, in turn, by developing mass markets which made it possible to sell the products at a lower price than would have been necessary in a restricted market. So everybody made out.

If this is an oversimplified illustration of how the setup works, it's a match for some of the oversimplified carping which has become the pastime of people

who are chronically allergic to their fellowmen's success.

Kate Smith and her manager-partner are different only in degree from hordes of others who have hit the jackpot for themselves and helped to turn a profit for others by giving people what they wanted in a way that raised no complaints.

Not always just in terms of money, either. A clergyman can win still greater security by giving people what they want—the kind of security a clergyman wants, which has nothing to do with six, seven or eight-digit income. Or a poet, a sculptor, a painter, or a shoeshine boy can leave his mark on the world.

You keep singing, Kate, and the rest of us will keep trying.

A Woodsman Sparing a Tree

Former President Hoover's Speech

By DAVID LAWRENCE

WASHINGTON
HERBERT HOOVER'S speech on world affairs is bound to increase the confusion inside the Republican party and serve to drive a wedge between the views of General Eisenhower and those of Senator Taft.

For the Democrats have a right to ask whether the former President is the spokesman of Republican policy or just an observer on the sidelines with no influence in shaping party policy than any of a half dozen other Republican leaders. Mr. Hoover's viewpoint tends to approximate that of Senator Taft.

What Mr. Hoover says in his speech will evoke the sharpest differences of opinion inside both political parties. It will, moreover, be challenged in Europe by both military and political leaders.

THE ESSENCE of Mr. Hoover's comments is that contributions of American air and sea forces are adequate to protect the free world, that Europe isn't fearful of a Russian attack, that the Communists don't want to start a large-scale war anyway, and that the United States should not send any more troops to Europe unless the continental countries supply more ground armies. Here is the most pertinent excerpt from his speech:

"They (the western European nations) should realize the limit of our economic aid is this deterrent air and sea power and munitions. That, protected by this shield, we expect them on the basis of their performance in previous wars, and now with the aid of munitions from us, to realize that ground armies are Europe's only problem."

"We should state that we expect them to provide ground protection to our airfields within their boundaries. We should state that not only will we send no more ground troops, but that we expect they will rapidly relieve us of that burden except to protect

our airfields outside the NATO countries. And they should be told that their delays leave our 250,000 European garrison in a most exposed position."

What will be difficult to understand is the inconsistency in Mr. Hoover's contention, on the one hand, that the Russians are afraid to risk war in Europe and his insistence that the delays of the last two years in forming Allied armies have left our 250,000 garrison in danger.

No weight is apparently given by Mr. Hoover to the fact that an equilibrium of power has been attained in Europe which has deterred war on the continent and that to follow his recommendations might weaken that balance and bring on the very large-scale war he wants to see prevented. No small part of the balance is due to the armies of Yugoslavia and Turkey.

SO FAR AS Europe's performance in past wars" is concerned, this has not been without considerable help from American ground armies in both world wars.

The assumption that air and sea power will be adequate to deter the Russians because we will be able "to concentrate a highly mobile striking force by air and sea ignores the fact that, if Europe's land area is overrun, Russia's air power by operating from French and German coastal bases will present a serious threat to our air bases in North Africa and to our aircraft carriers operating in the Mediterranean and the Atlantic. While ultimately, in a long-drawn-out war, air and sea forces can be very decisive factors, more important is what happens on the ground—as the Korean experience reveals.

The theory that our air and sea forces can drop bombs on the French, German and Italian pop-

ulation if the Russian ground armies take possession is not one that is inviting to any military man. It tends to cause the Europeans to try "neutrality." In the end, of course, a war can be won by starting again from North Africa and the coast of England but, in the business of deterring or preventing war, it is much better to make secure the big bases on the European continent itself. Only ground armies can do that.

MR. HOOVER'S SPEECH will not aid the cause of unity in Europe. It will not make General Eisenhower's task any easier. Naturally the former President wants to prod European countries into more cooperation on the matter of ground troops and his objective is a patriotic one, but it remains questionable whether the way to encourage Europe is to issue an ultimatum saying America will not send any further troops and is only halfheartedly interested in sending ground troops anyway. Had America taken this position either in 1917 or in 1941, the enemy would have won.

Air power and sea power are tremendously effective but the foot soldier has to win the battle in the final analysis. The side which doesn't have adequate ground armies starts with a handicap that means a long, long war and many, many casualties.

To argue that Russia probably doesn't intend to fight doesn't solve the problem, because military strategy cannot be based on wishful guessing. It must be based on readiness to meet the enemy regardless of which of many possible objectives he suddenly decides to try to fulfill. The words "air power" and "sea power" are correct descriptions of two of our armed services, but "war power" has to be viewed in its entirety whenever and wherever its effectiveness is to be fully measured.

Health To You

By EDWIN P. JORDAN, M. D.

Facts Concerning Schizophrenia

A READER who signs herself "Anxious" asks for a discussion of dual or split personality and what can be done for it.

This condition is known medically as schizophrenia, and was formerly often called dementia praecox. It is one of the most important of the mental diseases, and it has been stated that approximately every fourth patient who occupies a hospital bed in the United States is afflicted with this illness.

Furthermore, unlike some of the mental diseases, schizophrenia is most likely to strike in late adolescence or early adult life, and thus prevents persons in the prime of life from taking their part satisfactorily in society.

Schizophrenia comes more often in children born of parents who have that disease or with relatives who have it. Nevertheless, it is now considered not to be a true hereditary disease but rather the result of a number of factors both inherited and present in the environment.

The disease takes many forms and may come on slowly or suddenly. Among the signs which

may develop early are disorderliness, or lack of cleanliness in personal affairs. Some victims of the disease appear to be unduly suspicious or feel they are being persecuted.

Changes in thinking and judgment, stealing and other alterations in behavior which perhaps may not be constant raise the suspicion of the presence of this disorder.

It is believed that early diagnosis offers the best hope for recovery. After diagnosis, the usual choice of treatment is either psychotherapy or electric shock.

Either of these may bring about excellent results. Reserved for patients who do not respond well to such forms of treatment are such operations on the brain as lobotomy, which sometimes can be tried when other methods have failed.

It is important to remember that many of those who have suffered from schizophrenia have recovered to a remarkable degree. When they return to their family and friends they should not be treated as some kind of pariah, but should receive entirely normal attention in all respects in order to encourage their continued improvement.

It is illegal for anyone except a licensed driver to operate a motor scooter in Nebraska.

Handy Man

By HAL BOYLE

Casualty of Specialization

By HAL BOYLE

NEW YORK
ONE OF THE CASUALTIES of the age of specialization is the old-fashioned handy man.

Remember him—Old Jim, Old Joe, Old Charley? Doesn't he make you homesick for yesterday?

A generation ago every American community had a handy man or two to do the odd jobs that somehow the man of the house never found time to get around to. Where have these kindly old putter merchants vanished? They don't seem to be around any more. And they have left a void in our way of life.

The handyman in our neighborhood when I was a boy was "Old Pete." And he was typical. He had an intense pride in his ability to fix anything that broke, he would never name a price, he refused to be bossed while he worked (it had to be done his way or not at all), and he wouldn't work steady for anybody.

PETE HAD UNALTERABLE ideas about what kind of work he would or wouldn't do. He would repair a lawnmower, but John D. Rockefeller didn't have enough money to make him mow the grass. He felt that was beneath a jack of all trades.

When it came to painting your house, Pete would make only one concession—he would let you name your colors. After that the grown-ups had to stay out of his way. But he was gentle with children, loved to talk with them, and sometimes let them handle the brush for a few reverent strokes. But he would then go over the area again himself—just to wipe out your childish idea that anyone could really do it as well as he.

Pete led an inward life he shared with nobody. His strength was his love of tidying up other people's homes; his weakness was a quiet passion for strong drink. It was always a mistake to pay him any money before he completed a job. If you did, he might disappear in the middle of a painting job—leaving your house half-brown and half-white for a couple of weeks. But he always came back, looking pale and rocky, and finished what he had started.

HE HAD A sixth sense about knowing when he was needed. As long as the house was in good repair, Pete never showed up. But let something go wrong—and the next morning there was Old Pete knocking at the door.

Mama would cook him breakfast and heat up the coffee and say, "My, I'm glad you came, Pete, the kids broke another window yesterday."

"That third step in the back stairs is getting rotten," said Pete. "I guess I'll put in a new one."

That was another thing about him. He was never just satisfied with fixing what you wanted. He always found something about your house he wanted to fix himself.

After putting in a new windowpane and a new stair step, he'd insist on repairing a light switch and tuning up the plumbing. Then he'd have a final cup of coffee, and Mama would ask, "How much do I owe you, Pete?"

"Whatever you say," said Pete. He was above arguing price, but those who tried to take advantage of him never saw him again. On the other hand, he wouldn't take too much either. Sometimes all he wanted was a dollar and an old pair of dad's trousers.

HE WAS, in every way, the most dignified and independent human being I ever knew. I never saw him under the influence of liquor. When drinking, he stayed away from the homes he kept in repair.

One day our new radio went blooey. Pete had never tried to fix a radio, but he thought his hands could heal any broken mechanical thing. At the end of a long, sweaty day, however, the radio still refused to function.

Old Pete finally gave up at dusk. He drank his final cup of coffee in morose silence and wouldn't answer us children at all when we asked, "Why don't the radio talk any more, Pete? Can't you fix it?"

When he went out the door, he left our house forever, and I never afterward saw him in the neighborhood. The blow to his pride was too great. In his way Pete was a perfectionist, a handyman whose like we seldom see these days.

Cincinnati Fire Ruins 3 Buildings

Worst Blaze Since 1937, Firemen Say

CINCINNATI (AP)—The worst fire to hit Cincinnati in 15 years left three brick buildings of the Cincinnati Sash and Door Co. in smoking ruins today.

Fire officials said that only the blazes during the great 1937 flood could compare to the fire that swept the west end block last night and caused a million dollars in damage.

Twenty-five firemen suffered minor injuries while battling the fire in 17-degree temperature. Fire Chief Barney Houston was one of the injured. He was hurt when a wall collapsed. Some others were treated for frostbite.

Thick layers of ice coated the 17 pieces of fire equipment, the streets and the smoke-eaters themselves.

Firemen played water on number of surrounding buildings to prevent spreading of the flames, as scores of families fled nearby tenement houses with some carting along their furniture.

The blaze, cause of which still has not been determined, was first spotted by two employees in the basement of the four-story main building, located at Sixth St. and Freeman Ave.

Firemen donned masks and entered the flaming structure, but the intense heat drove them out. In slightly more than an hour, two walls of the middle Sash Company plant collapsed and the fire began eating its way through the other adjoining buildings, separated by fire walls.

Also threatened was a string of freight cars on a nearby siding—one a tank car containing gasoline—but the cars finally were yanked to safety by a yard engine.

Lowell E. Peters, secretary-treasurer of the concern, said the replacement value of the building was \$500,000, and that it contained stock valued at \$450,000 to \$500,000. The flames raged out of control for three hours.

Two Get Sentences In Air Force Fraud

DAYTON (AP)—A Cincinnati business man and a former Air Force buyer were sentenced to prison yesterday on charges of conspiring to defraud the government and giving or accepting gratuities in Air Force contract deals.

U. S. District Judge Robert R. Nevin sentenced Lawrence A. Razete, an executive of the Cincinnati Raytronics Co., to concurrent terms of three years on each of four counts of giving gratuities to an Air Force buyer, and another concurrent term of three years for conspiracy. Razete also was fined \$2,000.

Luther M. Kratz, former buyer at Wright-Patterson Air Force Base, was sentenced to concurrent terms of 18 months on each of five counts. Kratz, who had admitted accepting \$900 and a radio from Razete, was a government witness at Razete's trial.

U. S. attorneys said Razete's firm got Air Force contracts totaling between \$5,000,000 and \$6,000,000.

Weather Sometimes Recurrs On Same Date In Same Site

By HOWARD W. BLAKESLEE
Associated Press Science Editor
NEW YORK—The January thaw that grandfather told about is still going strong, and now it is linked with weather in Siberia. This thaw occurs in about mid-January in New England and as far west as Washington, the American Meteorological Society was told today by Eberhard Wahl of the Air Force Cambridge (Mass.) Research Center.

The thaw is a few pieces in the jigsaw by which weather men hope to make long-range forecasts. They call it a "singular-

ity," meaning the puzzling fact that weather sometimes repeats on certain dates in specific locations.

In New England the thaw lasts two or three days, followed frequently by sharp freezes. Although the thaw does not always hit at the same time, it has struck New England around Jan. 22 nearly half the time that records have existed.

Along with this warm spell, there are southerly winds and air pressures that occur each year at the same time. The winds and pressures of the thaw have been

traced as far west as Columbia, Md., where they are a few days earlier.

In Siberia it is apt to be colder than usual on the days of our January thaw, and warmer than usual when we have no thaw.

An astonishing "singularity" has been found in the tropics at Batavia, said Dr. Wahr. For the last 66 years there have been usually two cold snaps there, one between Jan. 4 and 9, and the second several days afterward.

Some discoveries about tornadoes and waterspouts, indicating that they can be forecast by radar, were reported by W. Bleeker, visiting professor at Florida State University, and A. Delver of the Royal Netherlands Meteorological Institute.

Both the tornadoes and the

spouts, Prof. Bleeker said, form at the edges of thunder storms in areas where cold heavy air is mixed with warm light air. There has been no way of seeing or foretelling, because these terrible formations gather very fast. But radar can see the rain in the

thunderstorm and possibly map the area close by where the tornado is building up.

An automobile crash at 40 miles per hour is four times as severe as one at 20 miles per hour.

Local Groups' Work Lauded
By National School Official

"A LOCAL TEACHERS' association is the foundation of the whole profession," declared Mrs. Janie Alexander of El Paso, Tex., national president of the Classroom Teachers Department of the National Educational Association, at the dinner meeting of 110 members and guests of the Salem Teachers Association Tuesday evening.

On her first appearance in Ohio, Mrs. Alexander sparked the association program in the Presbyterian Church dining room.

Better teachers, better community relationships, and a better profession are the direct result of a working and cooperative teachers' association the speaker feels. Unity of purpose of classroom teachers and administrators is defined in an association where both combine their interests and efforts as educators, Mrs. Alexander explained.

Began in Idaho

Starting her travels in Idaho the department president told what she discovered about teachers, associations and schools in California, Washington and many other states. She told of the worth of a strong organization and how each member should be interested in its betterment. She said that the teaching profession is not something you achieve but that you grow into.

Mrs. Alexander was introduced by Edward Hoon of Columbus, field secretary of the Ohio Education Association. They went from here to Campbell and a meeting with the association there. The president of the Salem Association, Mrs. Esther Bells, ably presided at the meeting. She introduced Mr. Hoon.

Eugene Clewell served as master of ceremonies and presented a gift to Mrs. Alexander in behalf of the association.

New Teachers Inducted

New teachers to Salem schools this year were presented to their fellow teachers by Mr. Clewell who also directed a "20 Questions" panel of selected teachers comprised of Miss Helen Thorp, Miss Margaret Place, John Callahan, Frank Tarr, and Fred Cope.

The questioners received their tips from Vera Hauer, Loren Early, Chester Brautigam, Deane Phillips, Miss Ala Zimmerman and Mrs. Alfred Konnerth. Thomas Crothers, director of vocal music in the Salem Public Schools, led in a singing session when the members sang "Happy Birthday" to Beman Ludwig, principal of the High School. Mr. Crothers also entertained with two piano selections. Mrs. Loren Early was accompanist for the group singing.

Valentine Theme

A red and white Valentine theme was used on the beautifully appointed tables and heart favors marked each place. White milk glasses holding white snapdragons, red carnations and lighted red tapers were placed down the length of the unusually placed tables.

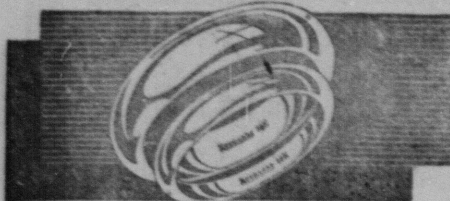

Mrs. Clyde McFeely was in charge of decorating. Assisting Mrs. Wallace Duncan on the social committee were Miss Sarah Wilson, Mrs. Charles Millar, Miss Margaret Floyd, Mrs. Milford Landwert and Miss Mildred Hollett. The program arrangements were made by Sam Fridon, Miss Edith Forbes, Mrs. Jean Wineford and Mrs. Ruth Michaud.

Besides Mrs. Eells executive officers of the association include Mrs. Ernest Horton, vice president; Mrs. Frank Tarr, secretary; and Mr. Phillips. At the meeting Feb. 20 L. D. Shuter of Columbus, executive secretary of the State Teachers Retirement System, will speak. The executive committee will meet next Tuesday in Reilly School.

To prevent the chipping of your glasses or fine china, place a rubber mat or tea towel on the work counter of your sink when washing dishes. A rubber-covered draining rack is also effective. A rubber tip on the end of your faucet is an additional precaution.

Garden Study
Club Greet
1952 Officers

MRS. MATT MELITSCHKA told 35 members of the Garden Study Club Monday evening how she has found fun and lots of laughs in her hobby of collecting antiques. The meeting, held in the home of Mrs. Orein Naragon on Washington Ave., introduced the 1952 officers and Mrs. Martin Lee Roth presided.

Items from her collection were used by Mrs. Melitschka to illustrate her interesting topic. A whale oil lamp, iron stone china, brass and copper utensils, mugs, aged eye glasses and a coverlet were among the collectors items she showed.

The friends she has made through her hobby was cited by the speaker as an additional reason why she enjoys antiques. She explained that even children get a kick out of seeing the unusual things she and her husband have found. "Live with your antiques" Mrs. Melitschka said for there is peace and contentment in their acquisition.

Thanked for Tray Covers

The club received thanks from Salem City Hospital, Central Clinic, and the Home for Aged Women for the colorful tray covers given them to use at Christmas time. Reports for 1951 were read and the members voted to further a civic project started last year.

Mrs. E. S. Huffman, national accredited judge, was the guest judge of the 12 exhibits on display at the meeting. Ribbons in February holiday arrangements in antique containers went to Mrs. John Gilbert (blue), Mrs. Naragon and Mrs. Clyde McFeely (yellow); coffee table arrangement, Mrs. Frederick Koenreich (blue).

In Class 2 "as you like it"—Antique container (accessories permitted) Mrs. Russell Moore, Mrs. Robert Rheutan and Mrs. Robert Schaeffer received red ribbons; Mrs. Louis Weirick, red, and Mrs. George Peterson, yellow.

Commented on Arrangements

Mrs. Weirick introduced Mrs. Huffman who commented on the various arrangements. Mrs. Weirick told of the meeting of Youngtown Garden Forum and the winning of two ribbons there by Study Club members. She outlined the exhibits for the Forum meeting Feb. 13.

Winners in the Christmas club home decorating contest were Mrs. Naragon, first; Mrs. Lester Bateman, second and Mrs. Roth, third. The judging was done by Mrs. McFeely and her committee.

Members winning the most ribbons during the year in order of points were Mrs. Weirick, Mrs. Moore, Mrs. Koenreich, Mrs. Carl Lehwald and Mrs. Rheutan. Mrs. McFeely presented each an award.

Valentine appointments were used in serving refreshments. Co-hostesses with Mrs. Naragon were Mrs. C. K. McClaskey and Mrs. Don Harvey. There were Valentine favors for each guest. The next meeting will be Feb. 25 at the home of Mrs. Dana Floding on S. Lincoln Ave.

Here's A Dish For Special Occasions

IT HAPPENS to every home-

maker sooner or later: company's coming for dinner and seemingly there's a sudden lack of ideas for a show-off meal.

Which is why this recipe for a picture-pretty and penny-wise (you can use leftovers) meal is a cheering sight. Plan to serve this gourmet's treat and when the door bell rings you'll be ready to collect compliments.

CHICKEN PIQUANT IN A

PANCAKE SHELL

2 T chicken fat, margarine or butter

½ cup flour
2 cups chicken broth or milk
1½ t salt

½ cup diced cooked celery
½ cup diced cooked carrots
1½ cup diced cooked chicken

Melt fat in saucepan; stir in flour. Add broth and salt. Cook until thickened. Add remaining ingredients and simmer gently 15 minutes, stirring occasionally. Make pancake shell as follows:

Combine ½ cup pancake ready-mix, 1 egg, ¼ cup milk and 2 tablespoons melted shortening beating with rotary egg beater

until smooth. Lightly grease sides and bottom of a 9 or 10-inch frying pan and heat until very hot.

Pour in the batter, immediately rolling the pan until all sides and bottom are evenly coated. Cook pancake over moderate heat until dry on the top. Prick bottom of pancake in several places.

Bake in moderately hot oven (400 F.) for 5 minutes or until edge is brown. To remove pancake from pan, run a knife around edge, tilt pan and very gently slide pancake on a serving dish. Fill with chicken piquant. Makes 6 servings.

Mrs. Crawford Hostess
To 30 Of Trimble Class

Mrs. John Crawford of Cleveland St. was hostess to 30 members of the Trimble class of the Presbyterian Church at their monthly meeting Tuesday evening. Miss Ora Vincent was in charge of the worship service and Mrs. Clarence Ward conducted the business meeting.

The guest speaker, George Mumaw, was introduced by Mrs. Waldo McConnell. He told of his trip to Europe and the Holy Land and showed a collection of souvenirs, pictures and hats from various foreign lands.

Several selections of hymns were sung by a class quartet comprised of Mrs. E. S. Vincent, Mrs. Harry Wiant, Mrs. Crawford and Mrs. W. P. Sangree. Mrs. Crawford and her son, Everett, sang several duets.

Hostesses Mrs. Wiant, Mrs. Crawford, Miss Irma Hutcheson and Mrs. A. D. Swaney served refreshments. The next meeting will be Feb. 26.

Lost 50 Lbs.
With Rennel Recipe

"I am 45 years old, and I have lost 50 lbs. with Rennel in a period of 11 weeks," writes R. S. Jones, 1612 Dasher Ave., Columbus, Ohio. "I feel better, and don't tire as easily, nor do I have that bloated feeling anymore. I am careful in eating, but eat about the same as I did before. I never had to go hungry to lose weight, and my thanks go to Rennel."

Thousands have overcome the social and physical discomfort of being overweight with this effective home recipe. Obtain liquid Rennel at your drug store, mix with grapefruit juice as directed and take two tablespoonsful twice a day. That's all there is to it. If reducible pounds and inches of excess fat don't seem to disappear almost like magic with the very first bottle, just return it to the manufacturer for your money back. You need never know a hungry moment reducing with Rennel.

Mrs. Zarbaugh introduced the guest speaker for the evening, Miss Myra Amstutz of Damascus, who is a teacher at Boardman school. She explained and showed many colored slides which she took while on tour of Europe last summer with 45 other members of the UNSECC committee.

Tore Down Barracks

As one of their projects the group tore down old barracks and built a church in 25 days. Miss Amstutz stressed the importance of the reconstruction work that is being done for the people of Europe through the Marshall Plan.

She also told of the importance of the International Work Committee and the rehabilitation work being done by the Mennonite churches. An interesting feature of her talk was the means

of transportation in the different

countries.

The table, set for 24 members and eight guests, was decorated with a display of the flags of foreign nations. Three of the guests were from other countries. They were Mrs. James Millette, formerly of Melbourne, Australia, who has been in Salem with her husband for six months, and Mrs. Helen Donnelly of Wallasey, England, who is visiting her daughter, Mrs. Harold Walker of Salem, formerly of England. Mrs. Walker was also a guest.

Other guests were Mrs. Harry O'Keefe, Mrs. Neva Bush, Miss Anna Mae Umbach and Mrs. John Rebenack.

Gave to Polio Drive

The group decided to give a contribution to the March of Dimes. A white elephant sale was part of the evening's activity. Prize winners for the evening were Miss Donna Citino and Mrs. Margaret Tomes.

Coming events on the club agenda include: a benefit Feb. 9 at 8 a.m. at the Salem Appliance; a covered dinner board meeting Feb. 18 at the home of Miss Wilma Schulte, Franklin Ave.; a benefit card party April 21 at the American Legion Home and installation of officers June 11 at the Presbyterian Church.

The next meeting will be Feb. 25 in charge of the Health and Safety Committee. Margaret Horsch is chairman.

Postoffice Wives Meet At Home Of Mrs. Reich

Wives of postoffice employees met for their January meeting Monday evening at the home of Mrs. Raymond Reich of Fourth St. Tentative plans were made for husbands night in March. Prize winners in cards were Mrs. Louis Moushey, Mrs. Harold Morrow, Mrs. David Briskin and Mrs. Frederick Leimbach.

Mrs. Joseph Wagenhouse assisted the hostess in serving a lunch and a Valentine theme was carried out in the appointments. The February meeting will be at the home of Mrs. Leroy Hively on the Goshen Rd.

8 SEEK CITIZENSHIP

LISBON — Eight countians were given hearings on petitions for naturalization Tuesday at the Court House by Gustave A. Morell and Harry Gould, Pittsburgh agents of the Bureau of Immigration and Naturalization.

THESE FIRST HATS of Spring are welcome as the first flowers. They are the designs of Erik Braagaard and his co-designer, Adolfo Sardinas. Pink confection (upper left) is made up of small chrysanthemums that top the head like a single flower. Little calot (lower left) is white woven organdy blossoming with white dandelions made of clipped feathers. Suit hat (above) is red, white and blue woven straw. Wide, shallow, natural leghorn hat (upper right) is swathed in black chiffon. Braided black-and-beige straw (lower right) is profile hat.

SPRINGFIELD, O. (AP) — Delegates from five United Lutheran Church synods in six states will be invited to a Lutheran Youth Conference at Wittenberg College, June 13 to 15.

BODY FOUND IN RIVER

STUEBENVILLE (AP) — The body of a man found in the Ohio river was identified today as Felix M. Anni, 67, missing from his home near New Kensington, Pa., since Dec. 7.

Man Who Didn't Want To Pay Toll Is Alive

HUNTINGTON, W. Va. (AP) — Husky James M. Mooney shoved a nickel at Toll-Taker Azel Ramey on the Ohio River bridge and demanded: "Now are you satisfied?"

The payoff completed a wet, 20-mile, 20-hour circle for the 33-year-old North Kenova, O., steelworker. It began Monday night when Mooney, admitting he had "had a few," refused to pay his pedestrian toll because he didn't like the way Ramey asked for it.

He jumped into the flood-swollen river when police, called by Ramey, chased him to the middle of the bridge. The river was too rough for the fire rescue squad to put out a boat and it was assumed Mooney had drowned.

WILL INVESTIGATE CASE

CANTON (AP) — An Appellate Court has taken under advisement the appeal of Russell G. Muskus, 31, of Kankakee, Ill., sentenced to die in the electric chair for the necktie strangling of George Le Masters in December, 1950. Le Masters was slain in a hotel room here where Muskus and Sandra Lee Kingsley lured him. A jury recommended mercy for the woman.

Sight Fund Gets \$350 By Christmas Tree Sale

The Lions Club sight fund received \$350 from sale of Christmas trees this year, it was reported at a business meeting of the club at 6 p.m. yesterday in the Lape Hotel.

The club completed plans to attend the Cleveland Conclav Feb. 21.

KILLED IN COLLISION

LONDON, O. (AP) — A car-truck collision at the intersection of Highways 38 and 40 yesterday

County Gets \$48,800 From Inheritance Tax

LISBON — Columbiana County got \$48,800 as its share of the state's 1951 collection of inheritance taxes totaling \$16,503,773, according to Probate Judge Louis Tobin. Columbiana stood 31st among Ohio counties in returns.

Cuyahoga and Hamilton counties together received half the state's total. Judge Tobin said the tax is split 50-50 between state and county.

Georgia was the last of the English colonies to be established in America, according to the Encyclopedia Britannica.

When Mean Colds Stuff You Up

It's so easy to relieve coughs and stuffiness of colds in a hurry this home-proved way... with 2 spoonfuls of Vicks VapoRub in a vaporizer or in a bowl of boiling water as directed in package. Just breathe in the steam! Every single breath carries VapoRub's soothing medications deep into throat and large bronchial tubes. It medicates irritated membranes, helps restore normal breathing. For coughs or upper bronchial congestion there's nothing like using Vicks VapoRub in steam.

For continued relief always rub it on throat, chest and back.

Top Class A Cincinnati Cage Stars Meet Friday Afternoon

CINCINNATI (AP)—It will be only perfectly natural if, come Friday afternoon Robin Freeman looks across the basketball court at Phil Wheeler and sings, "I can do anything better than you."

Freeman, from Cincinnati Hughes, and Wheeler, from Cincinnati Western Hills, are two of the hottest Class A high school basketball scoring machines in Ohio this year—and Friday night they'll be playing against each other.

Freeman is the 5-11 lad who is setting all kinds of basketball records with an average of slightly better than 38 points a game. And Hughes has done no better than win five of his 13 games.

Who is Wheeler? He is a 6-4 blond sharpshooter from Western Hills who has poured in points at an average of almost 25 a game—an outstanding performance—and he's also playing on a team that has won only five of 13 games. In spite of his scoring he almost has been overlooked completely.

The word around the Queen City is that Wheeler hasn't had his light hidden under a bushel—it's been hidden under Freeman.

For example, when Wheeler was clicking off better than 20 points in every game, Freeman was going over the 30 mark. Wheeler went to 37 last week and Freeman had games of 56 and 50 points each.

FRIDAY'S CONTEST will be the second in which the two boys have faced each other. The first was early in the season before either had attracted so much attention. Hughes won a 63 to 61 overtime victory and it was the same old story—Freeman got 38 points and Wheeler hit for 22.

Freeman, of course, already has been widely publicized for his uncanny shooting. He's also the

lad who said he doubted if any college would be interested in him because of his lack of height. Wheeler does a bit of everything on the basketball court. He played guard last year. He moved to forward in the early part of this season and now he's playing center.

HIS COACH, Robert Siekmann, says Wheeler "works constantly." "He doesn't hog the ball but passes off a great deal," said Siekmann. "He is always hustling, even though we're 'way behind'."

He also is a "B" honor student—if that's of any interest to college coaches. Statistically, Friday's game will find Freeman starting out with 499 points in 13 games and Wheeler with 314 in the same number of contests.

GRIDIRON GET-TOGETHER—A group of professional football magnates gang up on the wife of their newest member, Betty Jane Miller. Left to right: Frank J. Fitzgerald, who was general manager of the now-defunct New York Yanks and a candidate for the same post with their successors, the Texas Rangers; Dan Reeves, president of the Los Angeles Rams, champions of the National Football League; Jack Mara, president of the New York Football Giants, and Giles Miller, Dallas textile man who had just purchased the Yanks franchise to become president of the Texas Rangers.

Bengals Trip Potters, 59-48, At Liverpool

The East Liverpool Potters and the Wellsville Bengals mixed last night at Memorial Hall in East Liverpool and the neighboring Bengals came out on top.

The game, going to the visitors by a 59-48 count, was a thriller all the way as the Potters put up an up-hill climb most of the game. The Bengals put on a 16-point spurge in the initial quarter and led 16-9. Then they continued the spree with 18 points and held a 34-22 halftime advantage.

The teams matched evenly with ten points in the third frame although the visitors held a 42-22 lead before the Potters managed to tally a point. East Liverpool outscored the winners in the last period, 16-15, and the Bengals went home with the victory.

Bevo Francis tallied 23 markers for the winners while Bob McCoy scored 18 points for the losers. Francis hit for a terrific percentage of his shots, making 10 of 15 attempts.

The Potters Reserves managed a 39-37 victory.

Henry Satterfield To Battle Tonight

CHICAGO (AP)—Cloutin' Clarence Henry, who has been likened to a young Joe Louis, and heavy-fisted Bob Satterfield will aim knockout punches tonight in a nationally televised 10-rounder at Chicago Stadium.

Henry, 23, of Los Angeles, has been installed a better than 3 to 1 favorite. He is the third-ranking heavyweight contender and is undefeated in his last 12 fights. Satterfield, a 28-year-old Chicagoan who has had an up-and-down career, was knocked out by Rex Layne and lost a decision to Wes Bascom in his last two fights.

A victory for either would advance him as a serious contender on the heavyweight championship ladder.

Dick Rozek, Bob Kennedy Sign Cleveland Contracts

CLEVELAND (AP)—The Cleveland Indians said today that Outfielder Bob Kennedy and Pitcher Dick Rozek had agreed to terms and signed contracts for the 1952 season. The terms were not made public.

Manager Al Lopez is counting

on Kennedy or Sophomore Harry Simpson to fill the right field job. He pointed out that Kennedy, whose average was .246 last season, "just had a bad year. He's a much better ball player." The year before Kennedy had batted .291.

Kennedy declared "I know I couldn't get going after that bad start (last season) but I'm still young and can't see any reason why that poor season should be considered my norm." He is 31.

Rozek, 24, started only one game last year and has yet to gain a decision on the mound after two full seasons with the Tribe.

The Indians' farm club at Indianapolis signed Quincy Troupe yesterday to a catcher's contract and he may eventually land a Tribe job. Hal Naragon, newcomer from Barberton is in the Marines and the Indians need more relief strength behind the plate.

Troupe, who gives his age as 29, managed the Cleveland Buckeyes to a Negro world crown five years ago. He is now player-manager of the Caracas, Venezuela, team.

Walcott Scheduled to Confer Today On Matthews Fight

HARRISBURG, Pa. (AP)—Felix Bocchichio, manager of world heavyweight champion Jersey Joe Walcott, was scheduled to confer today with an actor's agent in Washington, D. C., about a \$250,000 offer to Walcott to defend his title against Harry (Kid) Matthews.

Bocchichio made the announcement as he and the champion stopped here last night on the way to a personal appearance engagement at Lewistown, Pa.

Walcott then boxed a five-round exhibition with Jackie Burke of Pittsburgh, as some 600 persons looked on.

AFTER THE BOUT Walcott told the crowd that he was "not interested in money, but in saving the youth of the country, which is more important than defending my title."

Walcott has been ordered by the New York State Athletic Commission to sign for a title bout by Feb. 5 or forfeit the title in that state.

The proposed bout between Walcott and Matthews would be held in Los Angeles, Detroit or Las Vegas, Nev. The actor's agent was identified as Harry

Berlin Center Wins Initial Game, 48-45

Berlin Center captured its first victory of the season last night at Fairfield against the Comets, 48-45.

Led by Frank Young's 19 markers with seven goals and five fous, the Center five were behind, 10-8, after the first quarter but held a 21-19 halftime edge.

The third quarter they took command with 14 points while holding the Comets to just seven. Going into the final frame, the winners held a 35-26 advantage but the Fairfield team outscored them, 19-14, although their rally wasn't enough to overcome the Center lead.

Young topped both teams with his 19 points and Ronnie Graham and Danny Lipely tallied 11 and 10, respectively, for the losing Comets.

The Fairfield Reserves captured a 38-30 victory. The Fairfield-Augusta game scheduled for Friday night has been cancelled due to the suspension of the latter team.

Second Marriage Ruled Annulled

First Husband POW, Atlanta Judge States

ATLANTA (AP)—Pvt. Walter B. Dixon, an "Enoch Arden" of the Korean War, is alive, a judge ruled yesterday, and annulled the second marriage of his pretty blonde wife.

Judge E. E. Andrews of Fulton County Superior Court voided Mrs. Agnes Dixon Sasser's marriage to Pfc. William Sasser after deciding that Dixon, first reported killed in Korean fighting, is actually a prisoner of the Chinese Communists.

Mrs. Dixon asked the annulment after receiving a letter from Dixon Jan. 2. She told the court that Defense Department experts confirmed that the letter was written by the husband she once believed dead.

The 22-year-old blonde, a civilian employee at Ft. McPherson near Atlanta, last September married Sasser, a soldier stationed at the fort. Dixon was reported killed in May, 1951.

Mrs. Dixon received the first word that her husband was alive when the Communists published a prisoner-of-war list shortly before Christmas.

Sasser, who previously said he would step aside if Dixon were found alive, was not in court. Mrs. Dixon, who had refused to discuss her plight after the first shock of learning her husband was a prisoner, offered no comment after the decision.

Lie Detector Test To Aid Murder Case

YOUNGSTOWN (AP)—Police plan to take three members of his family today for lie detector tests about the hatchet killing of 74-year-old George Branthier.

"This is the most vicious homicide I have ever seen," exclaimed Coroner David Belinky as he viewed Branthier's bloody body, sprawled on a cellar floor with a gory hatchet beside it.

The retired carpenter had been hacked and slashed on the head at least 100 times, Belinky added.

The slain man lived with his daughter and her husband, Mr. and Mrs. William Echard, both 51, in whose cellar his body was found yesterday. They were held for questioning, along with their son, William Jr., 20, a DePaul University student.

Young Echard told police he went to the cellar and found the body when his grandfather failed to come up for supper. He had heard a dull thumping in the basement earlier, but thought it was Branthier chopping wood, police quoted him as saying.

The elder Echard said he was at the filling station he operates at the time of the killing.

Cleveland Strike Ties Up Greyhound Buses

CLEVELAND (AP)—A wildcat strike tied up the Greyhound terminal here early today, stopping buses bound for New York, Chicago, Detroit and Oberlin and Lorain, O.

Twelve pickets from Local 1203 of the AFL-Amalgamated Association of Street, Electric Railway and Motor Coach Employees of America kept the buses from leaving the depot.

Six other lines which also use the terminal unloaded passengers on the sidewalk in front of the station. Their drivers said they did not want to pass the pickets.

Neither company nor union officials could give any reason for the stoppage. An unidentified driver said the walkout resulted from "grievances which piled up for a long time."

Hiccups Over 3 Years, Is Now Only 78 Pounds

LOS ANGELES (AP)—Jack O'Leary, who weighed 135 pounds before he was seized with the world's longest hiccuping attack more than three and a half years ago, is now down to 78.

The former market manager has been hiccuping at least once per second, except for two brief respites, since June 13, 1948. An appendix rupture brought them on.

O'Leary, 26, is losing weight because of his restricted diet and the fact that he can retain food only about 20 minutes. He thus receives little nourishment from the little he can eat.

His diet: Toast and hot water for breakfast; peas or carrots and hot water for lunch; peas, carrots and toast for dinner.

Two hundred doctors and 20,000 letters suggesting remedies have failed to help him.

Wiggles Into Girdle In Court, Wins Case

NEW YORK (AP)—Can a Persian Lamb coat be hidden inside a woman's girdle? "It is physically impossible to do such a thing," said Defense Attorney Carson D. Baker yesterday at the trial of two women accused of shoplifting such a coat by concealing it under the girdle one of them wore.

But Assistant District Attorney James P. McGratton picked up a girdle entered in evidence. He wiggled his 180-pound frame and finally twisted the girdle over his hips. He picked up the coat in question and stuffed it inside.

Then, as he strutted back and forth before the jury, the prosecutor asked: "I leave it to you to decide whether it could or could not be done."

Sixty minutes later the jury found Margaret Walker, 30, and Mrs. Leary Wright, 47, both guilty.

Improvement Of Rt. 46 Begun

Construction Firm Clearing Ground

COLUMBIANA—Work has been started on the south end of the Route 46 improvement from the stone quarry ravine about a mile north of town into Columbiana.

The mile at this end will involve the heaviest construction of the entire project from Columbiana to Canfield, a distance of more than eight miles, as it will include the roadway on a new location, a new bridge over Mill Creek and a deep fill and culvert to carry the relocated highway over the stone quarry ravine.

The Howard Construction Co. of Canfield, which has the contract, is clearing the ground for the higher level fill at the stone quarry ravine, which will be 20 feet above Indian Creek to be spanned by a culvert. From a point where the new route will leave the present highway, the road on its new location will follow a straight line into Columbiana and the highway will be

NEW RIFLE—Shells fly likely-split as a soldier fires the new experimental lightweight .30 caliber rifle developed by Army Ordnance. The weapon is on full automatic in the photo. It weighs about eight pounds, has a 20-round magazine, can be fired in semi or full automatic. At full, it fires new T-65 cartridges at rate of 700 rounds a minute. T-65 is half-inch shorter than standard .30 caliber. Defense photo.

widened the entire distance to Canfield. The contractors have set up a tool house at the stone quarry ravine, where Route 46 is intersected by the New Buffalo road. Weather conditions will probably not permit uninterrupted work until spring.

Harry Ritz's residence between Route 46 and the New Buffalo road at the intersection, was moved to its new location about 150 feet north of the old site some time ago, but the barn, which stands squarely on the new route of the highway, is yet to be moved farther north and will be situated northwest of the house.

COLUMBIANA Rotary and Kiwanis Clubs will tender jointly to Boy Scouts of the two Columbiana troops their fourth annual banquet in the High School Auditorium next Monday evening. Max Gard of Lisbon will be the speaker. The banquet will be served at 6:30 by the Grade School Mothers' Club.

Leo E. Holloway served as chairman for the program arranged for the Rotary meeting Monday by Charles Harper, chairman of the committee on information and assistant manager of Firestone Farms. Kenneth Ferrell arranged the exhibits for the presentation of a playlet, "That Spells Rotary," by other members of the committee. Allan White, Charles Moser, James Knarr and C. W. Griswold.

Commander Carl Sittler of Portsmouth, Va., Navy chaplain, was a guest of Harry Eberhardt, and Arthur C. Hill, in charge of the Gilmore shoe store, was a guest of Olaf V. Todd.

DAVID HOLLOWAY, Lloyd Crawford and Robert Barrow of Firestone American Legion Post are judging the 16 winning productions, eight each from Columbiana and Fairfield Centralized H. Schools, in Firestone Post's annual essay contest on "Americanism." Four winning essays from each school will be entered in the county contest. Each of the 16 contestants will receive from the post a gold-filled Ever-sharp pencil, with name engraved. At the conclusion of the meeting of Firestone Post Monday evening an oyster stew was served by the committee, Fred Liston, Art Hickman and Paul Flynn.

THE YOUNGSTOWN Sheet & Tube Chorus will appear in Columbiana High School Auditorium this evening in a benefit for the Grade School Mothers' Club program of improvements.

Mrs. Frances Cline started last evening the second home nursing class of 12 members in the civil defense setup, with a sufficient

Indicted For Theft Of Car, Seeks Parole

LISBON—Donald Eaton, 32, of Cortland, indicted by the January Grand Jury for car theft, changed his plea from "not guilty" to "guilty" Tuesday afternoon and asked Common Pleas Judge Joel H. Sharp for probation.

Eaton was arrested Dec. 4 by East Liverpool police after stealing a 1951 Packard coupe from Nick Pavlovich of Steubenville and has been in jail since.

Judge Sharp ordered Probation Officer Richard Rose to investigate Eaton's background. Meanwhile, he was returned to the Mahoning County Jail at Youngstown.

Records show that the farther from home motorists are, the faster they travel.

Vacancy On Rent Board Is Filled

William H. Blackford, area rent director, today announced that Tighe E. Woods, director of rent stabilization, has appointed Roy S. Brunner to fill the vacancy created on the Ohio Rent Advisory Board by the resignation of William W. Borden.

The Ohio Rent Board represents Belmont, Jefferson and Columbiana counties in Ohio.

Mr. Brunner is a member of the Steubenville Real Estate Board and a former president. The other landlord representative on the Ohio Board is Chester E. Kridler of Salem.

Public interest members are Samuel S. McCormick, Chairman, Steubenville; David B. Cooper of Bellaire; W. C. O'Malley, Martins Ferry; James E. O'Grady of Wellsville; J. Fred Loftus, Steubenville.

Tenant representatives are Edward H. Shrodes, Lisbon; and William J. McNicol, East Liverpool, Ohio.

The forest figures largely in the religious beliefs of primitive races all over the world, according to the Encyclopedia Britannica.

Obituary

Mrs. Emmett Ware

Word has been received here by Mrs. Arthur Rice of Aetna St. of the death of her aunt, Mrs. Lulu Ware of Spring Valley Farms, Birmingham, Ala. Mrs. Ware, 61, died at 3 a.m. Tuesday morning.

Funeral service will be held at Clay Methodist Church in Birmingham at 3 p.m. Wednesday. Mrs. Ware, the last of her immediate family, will be remembered by former friends as Lulu Schroy. She spent her early life in Salem.

Mrs. Ware is survived by her husband, Emmett, and a son, John C. at home.

Cpl. Paul R. Kirkbride

Funeral service for Cpl. Paul R. Kirkbride, 21, of Berlin Center who was killed in action in Korea, Oct. 14, 1951, will be held at the family home in Berlin Center at 2 p.m. Saturday.

Rev. Wayne Chalkers will be in charge of the private service. Interment will be in Hartzell Cemetery.

Born in Deerfield Township, Cpl. Kirkbride had lived in the vicinity of Berlin Center all his

life. He attended grade school and high school at Deerfield and the Deerfield Methodist Church.

Besides working on the farm with his father, he worked one year with the Spaulding China Co. Later he owned and operated a truck and did hauling for Aetna Freight Lines of Warren.

He entered the Army Jan. 29, 1951 and after 14 weeks of tank reconnaissance training at Fort Knox, he was sent to Korea as a replacement to Co. "E" in the 19th Infantry, 24th Infantry Division as a machine gunner.

He is survived by his parents, one brother, Willis of Betlin Center, and two grandmothers, Mrs. Mary Kirkbride and Mrs. J. C. Muerman, both of Deerfield.

Friends may call from 7 to 9 Friday evening at the Cassaday Turkle Funeral Home in Alliance.

Mrs. Jacob W. Reese

NEW SPRINGFIELD — Mrs. Sarah E. Reese, 85, of the Beard Rd., died at 5:15 a.m., today at her residence after a week's illness.

Mrs. Reese was born Oct. 25, 1866 in Virginia, the daughter of Mr. and Mrs. Solomon T. Denton. She has lived here since 1913.

FLOODING WATERS of the Scioto river pour into the town of Yellow Bud, southwest of Circleville, O., adding to the homeless caused by the state's overflowing rivers. The waters have already caused at least eight deaths and thrown 30,000 persons into idleness over a wide area. At least 8,000 persons are homeless in the tri-state area of Ohio, Kentucky and West Virginia.

coming to New Springfield from Washington, Pa.

She was married in 1883 to Jacob W. Reese who preceded her in death in 1930. She leaves three children, a daughter, Mrs. Templeton Pollock of Cannonsburg, Pa.; two sons, Hensel Reese and Earl Reese, both of New Springfield; nine grandchildren; 10 great grandchildren; three brothers, William Denton, of Youngstown, Samuel Denton of Lansing, Mich., and Frank Denton of Washington, D. C.; one sister, Mrs. Anna Stover of Buckner, Ill.

Mrs. Reese was a member of the Bethel Church of the Brethren of New Middletown. Funeral service will be at 1:30 p.m. Friday at the Fry Funeral Home, Columbiana. Friends may call at the funeral home Thursday from 7 to 9 p.m. She will be buried in New Springfield Cemetery.

Charles D. Strickler

COLUMBIANA — Charles D. Strickler, 82, of 123 N. Elm St., died suddenly of a heart condition at 8 p.m. yesterday in his home.

Mr. Strickler was a retired railway mail clerk. The body is at the Fry Funeral Home, Columbiana. Funeral arrangements are incomplete.

Eli Kovacevich

LISBON — Eli Kovacevich died about 7 p.m. Tuesday in his home on W. Washington St. after taking ill suddenly while talking with friends. He was 71.

He was born in Yugoslavia, March 15, 1880. His wife Annie died in 1942. He is survived by a stepson, Tom Stepanovich of near Elkton. Services will be held at 2 p.m. Friday in the Henry Funeral Home. Burial will be in Lisbon Cemetery. Friends may call Thursday afternoon and evening at the funeral home.

Oil Barge Explosion Causes High Damage

LAKE CHARLES, La. (AP)—An oil barge exploded and burst into roaring flames that did more than a quarter-million dollars damage early today.

The blast, at the Cities Service docks 12 miles southwest of Lake Charles, rattled windows here and the blaze could easily be seen from the outskirts of the city. State police reported one man was killed and another was missing.

George Kelley, public relations man for Cities Service, said several men were on the barge but escaped injury by diving into the water. Keller made the damage estimate.

He said the captain of the barge, whose name was not immediately available, is missing but added he would hesitate to say he is dead. The captain may have gone over the side to safety, Keller reasoned.

Hosts To Westside Club

Mr. and Mrs. Herman Gray of Damascus will be hosts to the Westside Community Club at 8:00 Thursday evening at their home. Mr. and Mrs. Lebert Barber will be associate hosts. Mrs. Oscar Burrier, George Dressel and Robert Groner will have charge of the program.

Fragments of diamonds frequently are used for the points in diamond drills, but "black diamonds," an impure but very hard form of carbon, extensively is used for that purpose.

Wall Street Steel Shares Lead Stock Market Rise

NEW YORK (UP)—Steel shares dominated trading in a rising stock market today.

Buying in the steels came after the United States Steel Corp. 1951 report was made public. It was in line with Wall Street expectations in that it showed record gross business, record taxes, and lower income. However, the dividend paid in five previous quarters was retained and the 1951 net of \$6.08 a share was more than double the amount paid in dividends.

Bethlehem Steel rose to 54 1/4 up 1 1/4 points. Sharon Steel sold at 42 1/4 up 1 1/4; U. S. Steel 42 1/4 up 1; Youngstown Sheet & Tube 50 1/4 up 3/4; Republic Steel 44 1/4 up 3/4; and Continental 25 up 3/4.

Rails firmed after early irregularity. Utilities were little changed.

New Truscon Walkout Threatens Production

YOUNGSTOWN (AP)—A second walkout within the last three days today shut down production at the Truscon Steel Co., here today, subsidiary of Republic Steel Corp.

Some 1,650 production workers stayed away from their jobs. They are members of Local 2334, United Steelworkers, CIO.

Operations were halted first Monday. Work was resumed yesterday but late in the day, another walkout got under way.

The dispute involves assignment of workers following layoffs because of the shortage of steel.

Teller Absconds

NEW YORK (AP)—A Brooklyn bank teller failed to return from lunch yesterday, and \$38,224 in cash had vanished from his cage, said an official of the Chemical Bank and Trust Company's downtown Brooklyn branch. Police sent out a 13-state alarm for Martin G. Olsen, 36, and said he was wanted for embezzlement and larceny. Olsen had worked in the bank about a year.

Lenses were discovered in the 13th century and the microscope was introduced toward the close of the 17th century.

"Hot Flashes" Stopped or strikingly relieved

In 63-80% of cases in doctors' tests • If you're miserable from the "hot flashes," and accompanying irritable, restless feelings of "change of life"—you may be suffering unnecessarily! • For... in tests by doctors... Lydia Pinkham's Compound and Tablets brought relief from such functionally-caused suffering to 63% and 80% (respectively) of the women tested! Complete or striking relief!

Yes! Research has proved these medicines thoroughly modern in action has shown you where to look for relief from those distressing, nervous, "out of sorts" feelings of mid-life "change of life." So... get Lydia E. Pinkham's Vegetable Compound—or new, improved Tablets, with added iron! (Wonderful, too, for the functional pains of menstrual periods.) It acts through a woman's sympathetic nervous system to relieve distress of those awful "heat waves"!

Cold Weather Blocks Flood Sunday Punch

PORTSMOUTH (AP)—The Ohio River flood crest—a winter-time sneak that drove upwards of 10,000 from their homes—swept to the doorstep of Gallipolis today. But, its Sunday punch was about gone.

Bitter cold, the killer of floods, cut the crest to somewhat less damaging depths.

The river rose slowly—if at all—at Roller Dam, 10 miles upstream from Gallipolis and at Gallipolis itself. The 7 a.m. reading was 53.7 feet at Gallipolis. Flood stage is 50 feet. It was expected to crest at 53.8 feet at 11 a.m. before pouring southward to Portsmouth.

The U. S. weather bureau at Cincinnati indicated previous crest estimates probably would stand, or would be cut slightly. This would bring the Portsmouth crest to 59 feet and the Cincinnati crest to 59 feet.

Mother Of Dead Infant May Be Freed From Jail

Common Pleas Judge Joel H. Sharp will decide this afternoon whether an East Liverpool mother can be held in jail while County Coroner Ernest R. Sturgis investigates the death of her baby.

Mrs. Martha Cecil Schacht, 25, of Waterloo St., filed a habeas corpus petition late Tuesday afternoon at Lisbon and Judge Sharp set the hearing for 1 o'clock.

In her petition, Mrs. Schacht stated she is being held illegally since no charge has been filed against her. She was taken to the Mahoning County Jail at Youngstown Monday in lieu of \$5,000 bond set by Sturgis.

The body of her four-day-old daughter was found Friday in a suitcase on a dump near her home. She claims the infant smothered to death accidentally Nov. 1.

Sturgis and Mrs. Schacht will both appear.

Two More Thefts From Cars In Lot Reported

Two more minor thefts of items in cars parked at the National Sanitary Co. lot Monday night were reported to police Tuesday.

Mrs. John Glista of RD 4, Salem told officers that some one stole a spotlight and two floor mats from her husband's car sometime between the hours of 6 to 12 p.m. Charles Ecrement of RD 4, Salem reported the theft of a sun visor and several other articles from his car between the hours of 3 to 11 p.m.

Earlier, Harold Horstman of RD 4, Salem told police that someone had taken a tool box containing an assortment of tools from his truck Monday night while it was parked in the lot.

Democratic Aspirants

Democrats have aspirants for four other county offices. Their candidates include: Harry L. Gosney of near Columbiana, for sheriff; Mayor Arnold W. Devon of East Liverpool, for coroner; and Elmer R. Gotthardt of East Palestine, for recorder.

James Gruber of Lisbon, a Democrat, has entered for state representative, State Rep. Delmar T. O'Hara of Wellsville, Republican, has announced he will seek a second term, but has not filed.

State Rep. Clarence L. Wetzel of Lisbon, also a Republican, has pulled out to seek his party's nomination for 18th district congressman. The incumbent is Wayne L. Hays of Flushing, a Democrat.

Only one state representative will be named from Columbiana County, compared with two in the last biennium, because of periodic re-apportionment based on population.

Liquor Permit Freeze Upheld By Ohio Court

COLUMBUS (INS) — The freeze on liquor permits was upheld by unanimous vote of the Ohio Supreme Court today.

The decision even strengthened the freeze when it reversed a part of the lower court decision and held that the provision which permits the department to refuse to issue any new permits was valid.

The lower courts had held that new permits must be issued to replace revoked permits or licenses permitted to expire up to the number of permits in effect on the freeze date.
